For those wanting to go on this versatile and fascinating individual journey, I offer you my support by personally accompanying you and sharing my rich knowledge about India.

We will begin the journey as a small group travelling to the hotel „Indus Valley Ayurvedic Center“ in Mysore, in the southwest of India. It's a very special magical oasis, far away from the hustle and bustle, where it's possible to unwind and to heal body, mind and soul. The owner Dr. Talavane Krishna and his team will heartily welcome you!

It is a special and intense experience, to get to know authentic Ayurveda at its best, the most ancient holistic health care system of the world, in its country of origin. Our accommodation is one of the most outstanding Ayurveda facilities with excellent standards of hygiene, competent Indian doctors and therapists.

Daily individualised ayurvedic massages, yoga sessions and the tasty, vegetarian, mostly organic meals ensure energy, balance and support the detoxification and purification and the rejuvenation of the cell structure. Energy, abundance, beauty and serenity through Ayurveda, the ancient science of life is awaiting you!

Immerse yourself in the healing gardens of Indian plants and learn about their medicinal purposes, enjoy their use in the kitchen and get inspired by the secret plant spirit. Bright colours and unbelievable breathtaking contrasts will bewitch your senses on our daily trips. The Indian culture, magnificent landscapes, impressive temples, bustling places, colourful markets and lovely people will touch your inner being.

All day excursions are optional. For those who prefer to relax or who want to create an individualized plan, they can of course do so.

*Look forward to this unique individual journey to India!*
